LEATHERNECK

Four player action. Four elite soldiers with one goal — to defeat the enemy and advance to victory. Fight alone or as a team, it's up to you...Four elite soldiers with just one goal — to survive.

Requires a colour monitor and joystick(s). For 3 or 4 players one Microdeal duel joystick adapter is also required.

Leatherneck is a scrolling, arcade style game which can be played by one, two three or four players simultaneously. Each uses a joystick to control a Leatherneck equipped with LMG, NMG, Granades and more.
